Workshop @ A Glance

Women have made tremendous progress in various economic aspects over the years. However, women still trail men when it comes to financial literacy. Financial literacy refers to an awareness of the skills and tools needed to make informed decisions when using your money.

Still, as financial educators, counselors, and most consumers can confirm from experience, knowing something and doing it properly are two very different things. While that might seem to level the field a bit, financial literacy plays a foundational role in complex decisions like investing and insurance.

Due to the traditional roles of men and women in the household, women's role in money management has sometimes been incomplete; particularly decisions of investing and big-ticket purchases were involved. However, there are many investment options for stay-at-home moms which can move them toward financial independence and empowerment.

Women empowerment through financial literacy

Under the Women Empowerment Campaign by Lok Nayak Bapuji Aney Mahila Mahavidyalaya, Yavatmal IQAC and Commerce Departments jointly put the issue of Women Empowerment through Financial Literacy at the center. The virtual workshop was organized on June 1, 2021. Dr. Himanshu Tiwari as the main guide in this national level workshop organized for the students. Dr. Himanshu Tiwari, Head of Management Department, SP Jain Institute of Management Nagpur guided the students. Prof. Tiwari explained the importance of saving and various ways through his guidance. From the student point of view, the advantages and disadvantages of how a middle-aged person should follow the path of saving were explained to the students through various examples through PPT presentation. After the full lecture, an open question and answer session was organized for the students in which the students put their questions in front of the expert guides. The Webinar was conducted under the guidance of Principal Dr. Durgesh Kunte Sir, the initiative was taken by Saurabh Wagare, Head Professor, Department of Commerce. For the success of this virtual event, IQAC head Dr. Rajshri Dharmadhikari and Prof. Dr. Kavita Tated worked hard.

Excellent Quotes by Warren Buffet

beyond!

On Earning: "Never depend on single income. Make investment to create a second source".

On Spending: "If you buy things you do not need, soon you will have to sell things you need".

On Savings: "Do not save what is left after spending, but spend what is left after saving".

On Taking Risk: "Never test the depth of river with both the feet".

On Investment: "Do not put all eggs in one basket".

On Expectations: "Honesty is very expensive gift. Do not expect it from cheap people".
